Dear Elaine Engelke:

This e-mail is in response to the Village of Suakville's analytical review dated October 22, 2003.

1. A copy of the letter has been added to the 2003 audit file to be reviewed prior to the Annual PSC report submission. We will be sure to explain or describe the items that derive the Receivable from Municipality balance.

2. I have reviewed the Villages trial balance and the \$38,778 reported on page W-8 account 330 is classified as account 331. As stated previously, your letter has been added to this years audit file and the change will be made on the 2003 PSC annual report.

If you have any additional questions, please contact me at the number below.

2002 Analytical Review DWCCA-5270-ELE

Dear Ms. Wagner:

The Public Service Commission (Commission) staff has completed its analytical review of your utility's 2002 annual report. The primary purpose of the analytical review is to detect possible reporting or accounting related errors and also to identify significant fluctuations from prior years' data that are not sufficiently explained in the annual report. The analytical review did identify the following issues:

1. On Page F-19, \$18,853 is reported in Account 145 described as "RECEIVABLE FROM MUNICIPALITY". In the future, amounts greater than \$5,000, even grouped items, should be described fully using other than the account title;

FINANCIAL SECTION FOOTNOTES

such as a short list.

2. In the response to our September 14, 2001, review letter for your 2000 annual report, your utility indicated that the amount reported in Account 330 was transferred to Account 331 on page W-8 in 2001. However, in your 2001 annual report, the amount was still listed in Account 330. In response to the 2001 review letter, the utility indicated the amount would be reclassified to Account 331. However, in your 2002 annual report, the amount was still listed in Account 330. As our review letters indicated, this amount was originally booked as a "chemical room" which would not be Account 330. Please confirm this amount has been reclassified to Account 331, Structures and Improvements.

Responding to the questions posed from the analytical review does not preclude you from possibly receiving other inquiries from our office regarding your annual report in the future: for instance, during a rate case, construction authorization, or other Commission reviews.

We appreciate your cooperation in providing the above information. If you have any questions, please feel free to contact me at (608) 266-3768. Please respond within 30 days of this letter. We prefer that you respond by e-mail if it is convenient for you to do so. My e-mail address is elaine.engelke@psc.state.wi.us. If we have no questions regarding your response, you can consider the review closed.

PROPERTY TAX EQUIVALENT (WATER)

1. No property tax equivalent shall be determined for sewer utilities or town sanitary district water utilities.
2. Tax rates are those issued in November (usually) of the year being reported and are available from the municipal treasurer. Report the tax rates in mills to six (6) decimal places.
3. The assessment ratio is available from the municipal treasurer. Report the ratio as a decimal to six (6) places.
4. The utility plant balance first of year should include the gross book values of plant in service, property held for future use and construction work in progress.
5. An "other tax rate" is included in the "Net Local and School Tax Rate Calculation" to the extent that it is local. An example is a local library tax. Fully explain the rate in the Property Tax Equivalent schedule footnotes.
6. The Property Tax Equivalent to be reported for the year is determined pursuant to Wis. Stat § 66.0811(2). Report the higher of the current year calculation or the tax equivalent reported in the 1994 PSC annual report, unless, the municipality has authorized a lower amount, then that amount is reported as the property tax equivalent.
7. If the municipality has authorized a lower amount, the authorization description and date of the authorization must be reported in the Property Tax Equivalent schedule footnotes.
